SUMMARY

B.E. Computer Science student at Bannari Amman Institute of Technology, graduating in 2028, with hands-on experience in full-stack development, backend engineering, and database-driven applications. Proficient in Python, Java, C++, JavaScript, and SQL, with experience building applications using React, Node.js, Express, FastAPI, and PostgreSQL. Strong foundation in Data Structures, Algorithms, OOP, and REST API development, with national-level hackathon recognition.

EDUCATION

B.E. Computer Science and Engineering, Bannari Amman Institute of Technology 2024 – 2028
CGPA: 7.73/10

TECHNICAL SKILLS

Languages: Python, Java, C++, C, JavaScript, SQL

Core CS: Data Structures and Algorithms, OOP, DBMS, Operating Systems, Computer Networks

Frontend: React.js, TypeScript, HTML5, CSS3, Tailwind CSS

Backend: Node.js, Express.js, FastAPI, REST APIs

Databases: PostgreSQL, Redis, Prisma, SQLAlchemy

Tools: Git, GitHub, Postman, Docker

Additional: Machine Learning, NLP, PyTorch, Scikit-learn

PROJECTS

Intelligent Multilingual Grievance System
React, TypeScript, Node.js, Express, FastAPI, PostgreSQL, Prisma, PyTorch

- Developed a full-stack grievance management platform integrating React frontend, Node.js backend, and Python-based AI services.
- Designed REST API workflows and PostgreSQL data management for multilingual grievance processing, categorization, and automated dispatch.
- Integrated AI-based classification and language-processing components into the application workflow.

Digital Twin of EHV Substation Monitoring 2025
Smart India Hackathon 2025 – Winning Project

- Developed a digital-twin-based solution for monitoring Extra High Voltage (EHV) substations.
- Worked with approximately 50,000 synthetic and industry-informed records to support substation monitoring and analysis.

Kiosk Management System
CDAC Hackathon – Runner-up Project

- Contributed to the development of a kiosk management solution addressing the identified problem statement.

ACHIEVEMENTS

- **Smart India Hackathon 2025:** Winner at the national-level hackathon organized by the Government of India.
- **CDAC Hackathon:** Secured Runner-up position for the Kiosk Management System project.
